Subject: response to comments on Florida's 404 program approval?
Attachments: 10018-76-OW_admin_SG.docx

Hi Whitney,

Do you have a response to comment document from Florida's 404 program approval? I was just looking for one in the docket but can't find it. I'm reviewing the action codifying Florida's program approval, and even though the comments on the approval are separate, I just want to be prepared in case I'm asked about comments or stakeholder response to approval. If you don't have a response to comment document, do you have something that summarizes stakeholder reactions to approval?

Also, I'm going to go ahead and approve the codification package, but I just wanted to let you know I noticed one minor typo (at least it is to me) that you might want to check before signature. See attached p 3—since process is singular.

Thanks! Shari
